# South Carolina AHEC Health Careers Program

*Helping You Choose and Prepare for a Future in Healthcare*

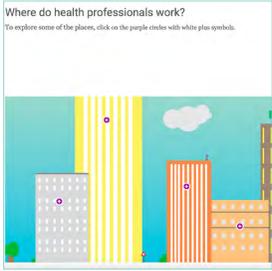

Are you thinking about a career in healthcare? Maybe you know exactly what you want to do but aren't sure how to get started? Or are you unsure about your career direction but just want to learn more?

The South Carolina AHEC Health Careers Program provides support to diverse high school and early college students on their paths to becoming healthcare professionals.

## Health Careers Program Opportunities

**Regional Health  
Careers Academies**

**Online  
Modules**

**Community  
Service Projects**

**Live  
Webinars**

**Summer Enrichment  
Opportunities**

### Why participate in the Health Careers Program?

- Discover your interests and what health careers align with them
- Develop skills that help you in school now and the application process for future education programs
- Learn more about the steps and requirements involved in obtaining a health career
- Meet and network with current health professionals and health professions students
- Participate in summer enrichment opportunities such as internships, skills labs and more
- Learn more about public health, health disparities, and the healthcare needs of South Carolina communities

Learn more about the Health Careers Program and connect with your local coordinator at:
